

HAMID TLAILIA

Full-Stack Web & Mobile Developer

+974 7100 9494 tlhamid18@gmail.com Qatar

PROFILE

Full-stack web and mobile developer with 6+ years of experience, specializing in bilingual (Arabic/English) applications with complete RTL support for Arabic-speaking markets. Builds across the full stack — React and React Native (Expo) on the frontend, Node.js/Express and Cloudflare Workers on the backend — with continuous deployment via Vercel, GitHub Pages, and Cloudflare. Background spans freelance client delivery and independent product development.

EDUCATION

MUST University — Private University — 2017 – 2019

WORK EXPERIENCE

Self-Employed
Qatar
2023 – Present

Independent Full-Stack Developer

Designs, builds, and deploys bilingual web and mobile products end-to-end. Shipped multiple production and near-production apps spanning PWAs, React Native apps, and full-stack backends (see Selected Projects).

Fiverr & Khamsat
2020 – 2023

Freelance Full-Stack Developer

Delivered full-stack web and mobile projects for international and regional clients. Built custom front-end interfaces, backend APIs, and deployment pipelines, managing requirements and timelines independently.

SELECTED PROJECTS

Majlis	Bilingual board-game PWA — five games, offline or LAN multiplayer via Cloudflare Durable Objects, in-app WebRTC voice chat.
Mishkat	Arabic Islamic Q&A PWA — Gemini API with multi-model fallback, speech-to-text, hadith source verification.
Coucou Toi / Coco Love	Social-commerce order app — Expo/React Native, Node/Express/Prisma backend, Apple/Google IAP, App Store compliance.
Arona	Trilingual (AR/EN/FR) perfume store app — React Native/Expo, full RTL, Express/Mongoose backend with JWT auth.

TECHNICAL SKILLS

React, React Native / Expo, PWA, Node.js / Express, MongoDB / Mongoose, Prisma, JWT auth, Cloudflare Workers / Durable Objects / KV, Vercel, GitHub Pages, WebRTC, Gemini API, React Native IAP, Apple App Store compliance.

SOFT SKILLS

Comfortable owning a project end-to-end — architecture through deployment — with strong self-direction, client communication from years of freelance work, and a habit of shipping and iterating quickly.
